A little bit about us!

Natural casing Beef wieners: Fresh from the smokehouse

Many years ago, five hard working European sausage makers founded the Storer Meat Company in Cleveland, Ohio. We began manufacturing and processing meat and deli products under the "FIVE STAR Brand" name in 1967. In more recent years, we

introduced our "HEALTH QUEST Brand" name. Today, the company is still locally owned and operated by one of the original founding families.

All of our meat items are produced in accordance with federal inspection regulations. In conjunction with the United States Department of Agriculture, we instituted our own HACCP program on January 25, 1999. This program was designed to insure that our customers receive consistently wholesome meat products.

Quality goes in, before our Name goes on!

It all starts with the right ingredients. We only use the freshest cuts of pork and beef for our entire product line. We DO NOT ADD any poultry meat, fillers or extenders. Our items are produced on a daily basis and sold fresh, not frozen. FIVE STAR Brand products represent a COMMITMENT to the time honored European recipes that the company started with. Each product is handcrafted in small batches by trained meat cutters and sausage makers. They are carefully created for your satisfaction and **are naturally low in carbohydrates along with plenty of protein. In addition, most items are Gluten free!**

Product Highlights

All FIVE STAR Brand wieners, sausages and frankfurters are expertly filled into natural casings and hand linked. They are also cooked and smoked.

Our boneless deli hams are all fully cooked and at least 96% FAT FREE. These outstanding hams are also masterfully smoked to perfection.

Five delightfully flavored hams to please the most demanding deli customers.
